WELCOME NOTE

Greetings!

This newsletter is to inform you of the developments made in the summer and will continue to improve our resources and services.

Indeed, it is very exciting to share the development of our own e-resources. We have subscribed to a good number of databases such as Science Direct, ProQuest, Taylor & Francis and additional EBSCOhost databases.

We hope that as we strive to develop we meet your needs in even better ways.

All the best!

- Marisol Sulit Leonen,
Head of Library Services
